NEW PRODUCT

SOLUTIONS FOR PEGGED HOOKS

Our expertise in price and product presentation systems and plastic materials allows us to offer a very wide range of solutions for pegged goods. You will find several standard solutions for label holders on the following pages.

Many of these solutions can also be manufactured in special lengths and sizes, as well as screen printed according to individual requests.

« A neat presentation as well as pricing right by the product! »

ORAL CARE

Oral care is a category where we have gained extensive knowledge to date. For a perfect presentation whilst maximising space, combine the use of the hook assortment by HL Display which permits both segmentation, price communication and numerous shelftalkers.
