

PRICE CASSETTES

With increasing demands for consumer information and promotion possibilities, simple but flexible systems are needed for effective price marking. HL Display offers a wide range of such products which can be customised to client specification.

« Attractive price information influence the consumers purchase! »

The HL Price Cassette solutions combine aesthetic design with outstanding functionality. The cassette is manufactured in high impact injection moulded plastic, providing good resistance even at low temperatures; the clear front faces guarantee optimized visibility of the information. Price changes are quickly and easily done.

FLEXIBLE PRICING

A wide range of interchangeable parts are available to offer a flexible pricing system for all types of products in the deli section. The different holders and supports can be used either in combination with HL Price Cassettes or with printed messages. All pieces are molded in approved materials, suitable for fresh food contact.

PRICE & PRODUCT INFORMATION
