PROFILE FOR POSTERS

Our profiles hold and support your posters, signs and poster sleeves from the thinnest paper to thick cardboard. Graphics can be changed in seconds with the re-usable snap open and snap close hinge function.

« Store guidance develop customer's loyalty! »

Accessories are at the heart of every system. Most of our suspension accessories can be loaded from the bottom and provide the possibility of suspending flush or perpendicular to the overhead rails. It also means a secured process for the store personnel when changing the marketing message in the posters.

NEW PRODUCT

SNAP OPEN, SNAP CLOSE

Our range includes an extensive number of possible display configurations so that you will always be able to find a solution to suit your specific needs. To save your time and money, we have made the system extremely easy to use. The signs and poster sleeves holds and supports your posters from the thinnest paper to 3 mm cardboard. Aluminium overhead rails with snap open end caps will allow you to side load new fixtures and poster profiles at any time.
➲ POSTER GRIPPERS

GRIPPER-

Free hanging poster and sleeve snap-profile
GRIPPER will hold and support your posters, signs and poster sleeves in an attractive and reliable way. Graphics are changed in seconds with the re-usable snap open and snap close hinge. Use the multi-purpose loop MPH for ceiling suspension. For heavier or longer installations combine in advance with MINI-TRAK. Holds plastic and paper graphics from 0.1 to 3.0 mm thickness (up to approximately 1.5 mm when GRIPPER is used inside MINI-TRAK).
Standard lengths: 210, 297, 400, 420, 500, 594, 600, 700, 800, 841, 1000 and 1200 mm. Other lengths on request.
Standard colours: Transparent, white and black.
Number per carton: 50.

Ⓑ

GRIPPER-R-

### Poster and sleeve snap-profile for walls
For horizontal or vertical wall mounting of your messages. Provided with 19 mm tape. Holds plastic and paper graphics from 0.1 to 3.0 mm thickness.
Standard lengths: 210, 297, 420, 500, 594, 700, 841 and 1000 mm. Other lengths on request.
Colours: Transparent, white and black.
Number per carton: 50.

⊕

MG-

Multiple poster snap profile for suspended use
Graphics are changed in seconds with the re-usable snap-open and snap-close hinge. The snap fronts can be opened separately for each poster. Use the loop MPH for ceiling suspension. Fully compatible with MINI-TRAK, STAR-TRAK and AS-ARM solutions. Holds plastic and paper graphics from 0.1 to 3.0 mm thickness. Available in different combinations, for example 3xA6, 5xA6, 3xA5, 3xA4 and so on. Between every front there is an additional space of 5 mm.
Colours: Transparent, white and black.
Number per carton: 50.

⊕

GSH

Suction cup hook for the poster profiles GRIPPER-R and MGR
Provided with tape for attachment to the slat back-side of the poster profiles.
To be used with the Jegab suction cup 7030.
Total width: 50 mm.
Colour: Transparent.
Number per bag: 50.

⊕

GWH

Wall hook for the poster profiles GRIPPER-R and MGR
Provided with tape for attachment to the slat backside of the poster profiles.
Hole diameter: 6 mm.
Total width: 50 mm.
Colour: Transparent.
Number per bag: 50.

⊕

NEW PRODUCT ⭐

PROFILES FOR POSTERS

MPH

**Suspension loop for GRIPPER and MINI-TRAK**
This elegant loop clip will give the final touch when hanging your GRIPPER, MINI-TRAK or the aliminium frames LONDON. Click on or slide on attachment. The "two way" loop can be used for 0° and 90° suspension, or it can be used with ball cables. Maximum weight per loop: 2 kg with aluminium profiles, 1 kg with GRIPPER.
Colours: Transparent, white and black.
Number per bag: 20.

Ⓑ
MGR
Multiple poster snap profile for walls and windows
Graphics are changed in seconds with the re-usable snap-open and snap-close hinge. The snap fronts can be opened separately for each poster. Use the loops GWH and GSH for wall or window suspension. Holds plastic and paper graphics from 0.1 to 3.0 mm thickness.
As standard, provided with 19 mm tape. When used with GWH or GSH, order the MGR poster profile without tape.
Available in different combinations, for example 3xA6, 5xA6, 3xA5, 3xA4 and so on. Between every front there is an additional space of 5 mm.
Colours: Transparent, white and black.
Number per carton: 50.

3034

Suspension loop for poster holder 3030
For ceiling or wall hanging of poster holder 3030.
Colour: Transparent.
Number per bag: 100.
Number per carton: 3000.

3030-

Poster holder profile
A poster gripper for thinner and lighter substrates.
Use the 3034 loop for suspension.
Colours: White and black, others on request.
Number per carton: 50.

PL-TP-

Wall poster holder with tape
Standard length: 1000 mm. Other lengths on request.
Colour: Transparent.
Number per carton: 50.

NEW PRODUCT

139

PM-TP-

Small wall poster holder with tape
9 mm high. With tape on the back.
Colour: Transparent.
Number per carton: 50.

PHAL-

Aluminium wall poster profile with locking rolls
The integrated rolls will hold your paper posters safely locked in place inside this wall hanging profile. The posters are simply stuck in from underneath and locked in a second. Posters are released by lifting them upwards or up/outwards movements. Supplied with 2 suspension holes and foam tape pads.
Lengths: 500, 600, 700 and 1000 mm.
Colours: Natural anodised aluminium and White RAL 9010.
Colour End caps: Black.
Number per box: 10 or 20.

POSTER-SNAP

Aluminium poster snap profile for wall use.
Will give stable top and bottom support to your posters in paper, wovens, etc.
Snap open, insert graphics, snap close.
1 set comes with foam tape on the back-side, 2 suspension hooks and 2 end caps.
Lengths: 423, 603, 710, 844 and 1003 mm.
Colour End-caps and Hooks: Black.
Colour profile: Natural anodized aluminium.
Number per unit: 1.

MINI-LOOP-D
Suspension hook for MINI-TRAK and MINI-SNAP
A reliable and heavy duty suspension loop for these aluminum poster profiles.
Delivered with 2 locking screws per loop.
Loop height: 15 mm.
Inserted length: 75 mm.
Number per bag: 12.

MINI-TRAK

Free hanging aluminium poster profile
This beautiful profile gives you an unmatched number of sign hanging solutions. MINI-TRAK is the stable support for the integratable poster holder GRIPPER, poster gripper rolls G-ROLL or for use with SIGN-LOCK for thicker substrates. Use MPH or MINI-JOIN for suspension and MINI-END as end-piece.
Standard lengths: 503, 597, 703, 844, 1003 mm.
Colours: Natural and champagne anodized aluminium, green RAL 6029, red RAL 3020, grey RAL 9007 and white RAL 9010.
Dimensions: Height 29 mm, width 31 mm.
Number per box: 24.

MINI-END

End-cap for MINI-TRAK and MINI-SNAP
A chic finish for these aluminium poster profiles.
The end-cap can simply be opened by twisting around,
and accessories are easily side loaded without taking
the end-cap off.
Standard colour: Black.
Number per bag: 12.

G-ROLL

Poster gripper rolls for MINI-TRAK
G-ROLLS will lock your paper posters safely and quickly inside
MINI-TRAK. Posters are simply inserted from underneath and locked in seconds
and are released by pushing one G-ROLL upwards and at the same time sliding
the message sidewards/downwards.
Colour: Black.
For poster thickness up to appr. 0.5 mm.
The 45 mm rolls are recommended for messages up to A5 portrait. Larger than
A5 portrait use the 82 mm rolls.
Number per bag: 45 mm rolls; 11 or 15.
Number per bag: 82 mm rolls; 8 or 12.
SIGN-LOCK
**Heavy-duty slide-in clip for MINI-TRAK**
For practical and secure hanging of heavier and thicker
substrates together with MINI-TRAK. Enter the clips through punched holes at
the top edge of the graphic, and simply side load into the aluminum profile.
Use a minimum distance between the upper hole edge and the top edge of
signage
of 4 mm. Holds substrates up to 3 mm thickness in
MINI-TRAK.
Dimensions: 2 mm wire and 13 mm total width.
Number per bag: 20.

⮑ POSTER SLEEVES

DBA-MR
Double sided poster sleeve with metal rings
Non reflective material.
Available in A4, A3, A2 and 500x500 mm.
Other sizes on request.
Also available as DBA-2H, with holes but without metal rings or as DBA without
holes.
Number per unit: 10.

NEW PRODUCT

DBA-SG

Double sided poster sleeve with holes for SKYGRIP and SKY-CLIP
This poster sleeve is specially designed to fit the
"drop and hang" device SKYGRIP. Available in sizes A4, A3 and the following heights/widths: 500x350, 500x500 mm. Other sizes available on request. To hang sleeves wider than 500 mm with SKYGRIP, we recommend a combination with the poster holder GRIPPER.
Number per carton: 10.
DB+1
Poster sleeve with metal rings and opening front
Available in sizes A4, A3 and the following heights/widths: 700x500 and 1000x700 mm.
Customised sizes available on request.
Number per carton: 10.

HIGHLIGHT-S, HIGHLIGHT-D

Magnetic sleeves for OH use
Highlight is a range of poster holders especially designed to be used with the MGT-16 magnets from HL's Jegab assortment. The MGT-16 magnet is hold into a fixed and up-raised position, so that installations can be done by just holding the poster sleeves at the bottom line. In small sizes Highlight will be a good substitute to welded pockets. The advantage with Highlight compared to welded pockets is that it does always show the front to the consumers.
Material: 0,5 – 0,7 mm, Transparent
Packing: Depending on design and dimensions.

AVANTI-WALL

Convex wall or window poster sleeve
Sizes: A4 and A3, other sizes on request.
Non reflective material. Available with tape, foam tape or magnetic tape.
Number per carton: 10.

**AVANTI-BIVISION**

Double convex poster sleeve
Available in sizes A4 and A3. Other sizes available on request. Please contact us for modifications with metal rings or to fit SKY-CLIP and SKYGRIP. Number per carton: 10.
NEW PRODUCT

DBB

Wall or window poster sleeve with tape
Standard sizes: A5 and A4.
Customised sizes available on request.
Number per carton: 10.

WINDOWMOUNT

Electrostatic poster holder for glass surfaces
Electrostatic posterholder for glass. Ideal for frequently changed messages where adhesive tape would soon
lose its ability to hold.
Available in standard sizes from A7 to A1.
Number per carton: 10.

## ➲ POSTER FIXTURE ARMS

AS-ARM-SCSW-KIT

Window fixture kit with suction cups and hooks
9 mm aluminum tube with large suction cups for reliable use on glass doors and windows. Each suction cup has a tag for easy removal. The sign hanging hooks are integrated in the tube and can slide for width adaptation. Standard tube lengths: 400 and 780 mm. Others on request.
Maximum graphic or poster sleeve weight: 1,2 kg.
Tube colours: White or natural anodized aluminium. Each KIT comes fully assembled and ready to use, containing:
Tube, 2 end-caps, 2 hanging hooks and 2 suction cups.
Number per carton: 20 KIT.

AS-ARM-SCSW-G-KIT

Window fixture kit with suction cups and GRIPPER
9 mm aluminum tube with large suction cups for reliable use on glass doors and windows. Each suction cup has a tag for easy removal. The poster holder GRIPPER, which also holds plastic poster sleeves is integrated in the aluminum tube. Use 2 KIT per graphic when bottom fixation is requested.
Available for poster widths: 297, 420, 500, 600, 700 and 840 mm. Other widths on request. Maximum graphic or poster sleeve weight: 1.2 kg.
Tube colours: White or natural anodized aluminium.
Each KIT comes fully assembled and ready to use,
containing: Tube, 2 end-caps, 1 GRIPPER profile and
2 suction cups.
Number per carton: 20 KIT.

NEW PRODUCT

Ⓑ

MGT-90

Magnet for fixation of UF- fixing arms
A 7 kg magnet to attach UF- profiles to vertical or
horizontal surfaces.
White housing and transparent clip.
Also compatible with HL Frames.
Number per bag: 10.

⊕

UF-

Frame aluminium profile
Profile in aluminium, with tracks. Available in the standard colours: Natural
anodised aluminium, white, red,
blue, yellow and black.
Can be used with all the different frame clips.
Available in different lengths and in both straight and
curved design with 50 mm radius.

see chapter Jegab.

⊕

LP-CL

Clip on loop for UF- fixing arms
Simplifies the suspending of poster grippers,
poster sleeves or signs by hooks, S-hooks or rings.
Colour: Transparent.
Compatible with HL Frames.
Number per bag: 20.

⊕

AC-CL-0025, AC-CL-0105

Multi grip clip for UF- fixing arms
For attaching signs directly to UF-.
Recommended sign thickness: 0,5-3 mm.
Colour: Transparent.
Also compatible with HL Frames.
Number per bag: 20.

Ⓑ

BUSSTOP-FL
Telescopic L arm for posters or Frames
With a flat foot. Ideal to create signage together with all types of on the floor
exposed merchandise. To suspend posters up to 425 mm wide or Frames up
to A2/A3L. Posters are suspended by using GRIPPER + PIPER. To suspend
Frames use BS-CL.
Height: 1290-2460 mm.
Foot dimensions: 290x365 mm.
Color: Chrome plated.
Number per carton: 5

BUSSTOP-FT

Telescopic T arm for posters or Frames
With a flat foot. Ideal to create signage together with all types of on the floor exposed merchandise. To suspend 2 posters up to 425 mm wide or 2 Frames up to A2/A3L. Posters are suspended by using GRIPPER + PIPER. To suspend Frames use BS-CL.
Height: 1290-2460 mm.
Foot dimensions: 290x365 mm.
Color: Chrome plated.
Number per carton: 5

BUSSTOP-PL

Telescopic L arm for posters or Frames
With a pallet-foot. Ideal to create signage together with all types of on the floor exposed merchandise. To suspend posters up to 425 mm wide or Frames up to A2/A3L. Posters are suspended by using GRIPPER + PIPER. To suspend Frames use BS-CL.
Height: 1290-2460 mm.
Foot dimensions: 215 x 380 x 45 mm.
Color: Chrome plated.
Number per carton: 5

BUSSTOP-PT

Telescopic T arm for posters or Frames
With a pallet-foot. Ideal to create signage together with all types of on the floor exposed merchandise. To suspend 2 posters up to 425 mm wide or 2 Frames up to A2/A3L. Posters are suspended by using GRIPPER + PIPER. To suspend Frames use BS-CL.
Height: 1290-2460 mm.
Foot dimensions: 215 x 380 x 45 mm.
Color: Chrome plated.
Number per carton: 5

PIPER-

GRIPPER adapter for the use with BUS STOP
PIPER is simply clicked onto both GRIPPER and BUS STOP. The maximum PIPER length for use with BUS STOP is 297 mm, but this can be combined with a GRIPPER length of 420 mm to suspend A2 or A3 landcape posters. For more information about GRIPPER see "Poster Grippers" in this chapter.
Colour: Transparent.
Length 297 mm, others on request.
Number per unit: 25.

AS-POP

Telescopic Poster or Frame arm system

AP-ARM-T-G A3, AP-ARM-T-G A2, AP-ARM-T-F A4, AP-ARM-T-F A3,
AP-ARM-T-F A2, AP-ARM-L-H A4, AP-ARM-L-H A3, AP-ARM-L-G A4,
AP-ARM-L-G A3, AP-ARM-L-F A4, AP-ARM-L-F A3

AP-ROD

Telescopic rod for AS-POP
Available in three adjustable lengths. After adjusting them to the length of
choice, the rods can be locked in that position. Comes fully assembled and
ready to use.
Color: Natural anodized aluminum and grey.
Number per unit: 20/box
AP-ROD 330-510
AP-ROD 580-1010
AP-ROD 830-1510

AS-MGT-FIX

Magnet foot for AS-POP
Stable construction and a very strong magnet for real straight
installations.
Number per unit: 10/box
Color: Grey

➲ CANOPY SYSTEMS AND FIXTURES

CAN-KIT-M-G

Adjustable magnetic canopy fixture with snap profiles
The strong magnet with fixed but various angles can be placed on horizontal,
vertical or angled metal surfaces. With an integrated sign holder providing
snap open and snap close mechanism for quick and easy message changes.
Includes supporting back-strip with tape to ensure graphics do not curve. For card
board or plastic signs up to 3,0 mm thickness. Standard available for sign heights
250 and 400 mm. Other heights on request. Allows contoured top design.
Standard length back-strip: 800 mm for widths up to 1000 mm. Tube colours:
White or natural anodized aluminium. Each fixture is supplied assembled and
ready to use, containing: Magnet, 9 mm tube, end-cap, 1 GRIPPER profile.
Use 1 left + 1 right fixture + 1 back-strip per canopy.
Number per carton: 10 left and 10 right fixtures + 10
back-strips = 10 canopy KIT.

NEW PRODUCT

ESP1

Canopy rail for vertical surfaces
A very easy to use and cost effective canopy sign support. Designed for use on vertical surfaces and providing an optimal reading angle of the message.
